ABHAY SHARMA

Madhu Nagar, Agra Cantt, Agra, Uttar Pradesh – 282001
+916396023374 — abhaypandit128@gmail.com — LinkedIn — GitHub

Professional Summary

B.Tech graduate in Electronics and Communication Engineering with strong interest in Software Development, Python Programming, Backend Development, REST APIs, FastAPI, and emerging technologies. Skilled in developing software solutions, AI-powered applications, and management systems through academic and freelance projects. Strong foundation in Data Structures, Algorithms, OOPs, databases, and problem-solving with a passion for learning modern technologies and building scalable applications.

Technical Skills

- **Programming Languages:** Python, Java, C, C++
- **Backend Development:** Django, FastAPI, Flask, REST API Development
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Tools & Platforms:** Git, GitHub, VS Code
- **Core Concepts:** Data Structures, Algorithms, OOPs, DBMS, Problem Solving
- **Coding Platforms:** LeetCode, HackerRank

Experience

Freelance Software Developer Nov 2025 – Dec 2025

- Developed software solutions for inventory management, billing, and data handling requirements.
- Implemented backend functionality, database integration, and application enhancements.

Internship

ADRDE, DRDO Agra Jun 2025 – Jul 2025

- Enhanced analytical, troubleshooting, and system optimization skills through technical problem-solving and process improvement in a professional R&D environment.

Projects

Lungs Disease Risk Prediction App Final Year Project

- Developed an AI-powered Android application for lung and heart disease risk prediction.
- Used TensorFlow Lite, Firebase, and Machine Learning for analysis and data management.

IoT Based Smart Energy Meter Third Year Project

- Built an IoT-based system for real-time electricity consumption monitoring.
- Enabled remote tracking and alerts using sensors and microcontrollers.

Password Based Door Lock System Second Year Project

- Developed a microcontroller-based electronic door lock with keypad authentication.
- Implemented secure access control with automated locking mechanisms.

Education

Bachelor of Technology (Electronics and Communication Engineering)
Raja Balwant Singh Engineering Technical Campus, Agra 2022 – 2026 — 64.85%

Intermediate (CBSE)
Kendriya Vidyalaya No. 3, Agra 2021 — 72.3%

High School (CBSE)
Kendriya Vidyalaya No. 3, Agra 2018 — 73.4%

Certifications

Industrial Training / Certification – ADRDE, DRDO Jun 2026
Assisted in technical documentation and analyzed software/hardware protocols for defense-related aerodynamic systems.

Technology Job Simulation – Deloitte Australia (via Forage) Jun 2026
Built Python integration scripts for nested IIoT JSON telemetry data and drafted software proposal layouts.

Soft Skills

Adaptability — Quick Learning — Problem Solving — Team Collaboration — Communication
